SECTION: COMPUTER ANIMATION

ASSIGNMENT #1

DATE DUE: 2/20/2002

Your assignment, which you have chosen to accept, is to examine the things around you as you go through your day. Then...

1. **Make a list of ten things that you see.** Try to make them as unique as possible. The lists will be reviewed on the due date.

2 & 3. Draw two additional shapes below as best you can with either a pen or pencil. Then try to describe some of the basic shapes that make up each one with arrows pointed to the part of the object you are describing. Simple shapes can be boxes, spheres, discs, cylinders, cones, donuts, tubes, ovals, stars, rectangles, etc...
